Our Mission

Make trading more accessible, transparent, and efficient.

We combine advanced technology with reliable services to make access to global financial markets simpler and more intuitive. Our goal is to remove unnecessary complexity and give clients the tools they need to trade with confidence.

We focus on transparent conditions, dependable infrastructure, and a client-first approach — creating a trading experience built around clarity, accessibility, and long-term value.

SuperFin

Our Vision

Build a globally trusted brokerage for the future of trading.

We aim to connect more people with global financial markets through innovative technology, competitive trading solutions, and continuously evolving services.

Our vision is to build a brokerage that grows with the market and with its clients — combining global reach, technological progress, and high standards of service.

SuperFin

Core Values

We understand that to achieve success, we need customer recognition. Therefore, we always try to build a professional team, provide the best services, and rise to leadership in the financial sector.

TRUST

Building long-term relationships through transparency and reliability.

TECHNOLOGY

Powering smarter trading through advanced tools and innovation.

EXPERTISE

Combining market knowledge with professional execution.

LEADERSHIP

Driving innovation and raising the standards of modern brokerage.

Our Global Presence

To ensure seamless support and deliver top-tier services to our clients worldwide, SuperFin is strategically located across key financial regions.

Global Headquarters:

- Bulgaria

Regional Offices:

- European Union
- Malaysia
- Vietnam
- Laos
- Thailand
- Australia

SuperFin

Chapter 2

Regulation & Liquidity

ASIC oversight, FinCEN and FSA SVG registrations, and liquidity from BNP Paribas, CitiBank, Natixis and UBS.

Regulation & Licenses

Australian Securities and Investments Commission

ASIC

ASIC (Australian Securities and Investments Commission) is the Australian Securities and Investments Commission, an independent government body established in 1991. Operating under the legal framework of the ASIC Act 2001, this organization is responsible for comprehensive oversight of the financial and forex markets in the country.

Role and Vision: ASIC's core mission is to build a transparent financial environment where businesses and investors can interact fairly.

Key responsibilities

System Optimization

System Optimization: Enhancing the operational performance of financial institutions.

User Protection

Strengthening trust and knowledge for traders.

Data Transparency

Storing and disclosing corporate information in a timely manner for easy market access.

Law Enforcement

Closely monitoring and strictly handling violations to ensure the rule of law.

Regulation & Licenses

Financial Crimes Enforcement Network

FinCEN

FinCEN (Financial Crimes Enforcement Network) is an agency under the U.S. Department of the Treasury, playing a key role in protecting the financial system from illegal activities. Unlike conventional market regulatory bodies, FinCEN's primary mandate is to collect and analyze financial transaction data to combat money laundering, terrorist financing, and transnational financial crimes.

Key responsibilities

MSB Compliance

Requiring Money Services Businesses (including Forex and Crypto) to register and report periodically.

Strategic Information Analysis

Using transaction data to support law enforcement agencies in tracing illicit funds.

International Cooperation

Partnering with global organizations to eliminate loopholes in the international financial system.

Regulation & Licenses

St. Vincent and the Grenadines Financial Services Authority

FSA SVG

The Financial Services Authority oversees international and non-bank financial services in St. Vincent and the Grenadines. Its work supports compliance with applicable laws, financial integrity, and public confidence in the sector.

Key responsibilities

Company Records

Maintaining information on registered business entities.

Financial Sector Oversight

Supervising institutions and activities within the FSA's legal mandate.

Compliance Monitoring

Assessing adherence to applicable financial and anti-money laundering requirements.

Public Awareness

Publishing notices about entities that misrepresent their registration or regulatory status.

Institutional Liquidity

Our Liquidity Providers

SuperFin operates on a Non-Dealing Desk model, sourcing prices from multiple liquidity providers. This gives traders access to competitive spreads across major currency pairs and prices shaped by the broader market.

BNP PARIBAS

A French international bank with a global markets division and extensive foreign exchange capabilities.

citibank

A US-based global bank with a broad foreign exchange network and institutional trading services.

NATIXIS
BEYOND BANKING

A French corporate and investment bank providing capital markets, financing, and risk management services.

UBS

A Swiss financial group whose investment bank provides liquidity across foreign exchange and other markets.

SuperFin

Chapter 3

Trading Platforms

Trade across MetaTrader 4, MetaTrader 5 and the SuperFin mobile app, wherever you are.

Two Platforms. Your Choice.

SuperFin offers access to both MetaTrader 4 and MetaTrader 5. Choose the platform that fits the way you trade — from a familiar Forex workflow to a broader set of analytical and trading tools.

A Brief History

2005

MetaTrader 4

Built around Forex trading, MT4 helped bring chart analysis and automated strategies to a wider audience.

2010

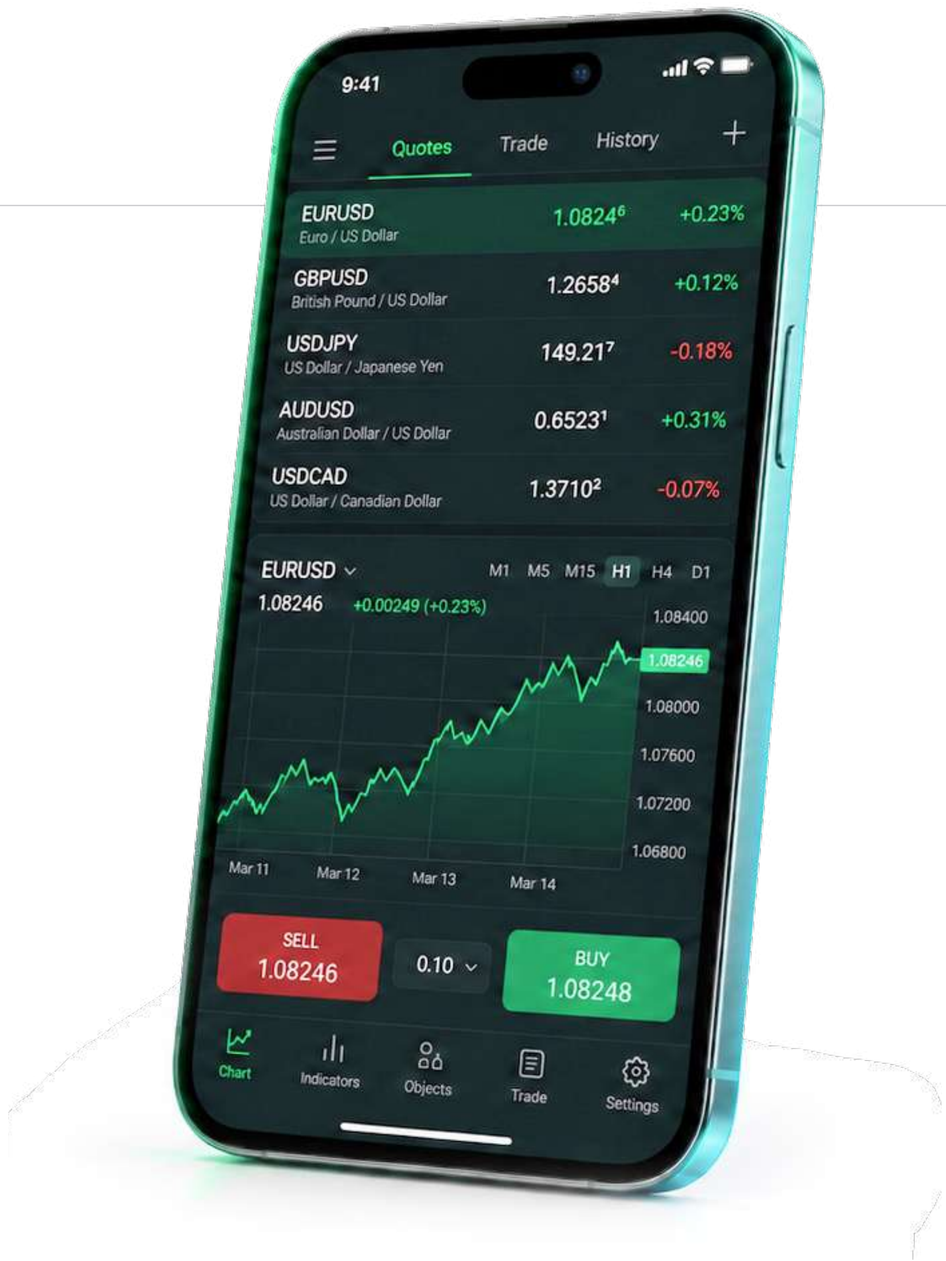

MetaTrader 5

MT5 expanded the MetaTrader ecosystem with multi-asset capabilities, more analytical tools and a more powerful strategy tester.

SuperFin

The Essentials Are Covered

What Both Platforms Offer

Analyze

Study price movements on interactive charts, switch between timeframes, and apply technical indicators. Use these tools to identify trends and plan potential entry and exit points.

Trade

Open, modify, and close trades directly in the platform. Use market and pending orders, monitor your positions, and set Stop Loss and Take Profit levels to manage each trade.

Automate

Use Expert Advisors to monitor markets and trade according to predefined rules. Test a strategy on historical data and adjust its settings before using it on a live account.

Stay Connected

Access your account from a desktop, phone, or web browser. Check charts, follow open positions, and manage trades when you are away from your main workspace.

Key Differences

Where MT4 and MT5 Differ

	MT4	MT5
Primary focus	Forex trading	Forex and broader markets*
Chart timeframes	9	21
Pending order types	4	6
Strategy testing	Single-threaded	Multi-threaded, multi-currency
Economic calendar	Use an external calendar	Built into the platform

*Available instruments depend on the SuperFin account and offering.

Which Platform Fits You?

Choose **MT4** if you prefer a familiar Forex-focused workflow or already use MT4 indicators and Expert Advisors.

Choose **MT5** if you want more charting options, additional order types or advanced strategy testing.

SF SuperFin

SF Mobile App

Drive your trading via SuperFin App

Keep your trading within reach. Follow the markets with MetaTrader 5 and access SuperFin services, including Forex Copy, PAMM, deposits, and withdrawals, from your phone.

Available on iOS and Android. Download on the App Store or get it on Google Play.

Google Play | Apple Store | Huawei Store

SuperFin

Chapter 4

Copy & Managed Trading

Share or follow trading strategies with Forex Copy, and manage or invest in pooled accounts through PAMM.

Forex Copy

How it works

Interpreting signals from financial markets to identify the best profitable opportunities can be a labor-intensive task. Becoming a proficient trader requires honing your trading skills through practice, educational materials, and staying updated with the latest analysis. While we strive to provide all these resources to help you develop as a trader, we understand that some may lack time. That is why we have created a shortcut to make this process more efficient for you.

SF SuperFin

Choose How to Pay

The better model depends on the Follower's profit. Both examples show 10 days of copying.

Daily Commission works better

- **Profit: $1,000**
- **Daily Commission: $10 × 10 days = $100**
- **Profit Share: 20% × $1,000 = $200**
- **Follower keeps $900 with Daily Commission**

Profit Share works better

- **Profit: $200**
- **Profit Share: 20% × $200 = $40**
- **Daily Commission: $10 × 10 days = $100**
- **Follower keeps $160 with Profit Share**

Forex Copy

Why trade with SuperFin

Integrated Trading Central

Analyse price movements with expert recommendations and market insights.

AI-powered trading insights

Refine strategies, analyse markets, and more with integrated ChatGPT.

One platform, multiple assets

Access Forex, Stocks, Commodities, 24/7 markets, and more in one place.

24/7 trading

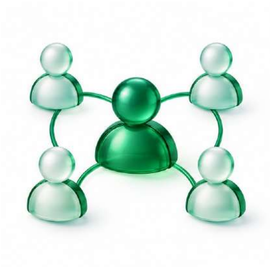

Trade Indices anytime, even on weekends and holidays.

More Advantages

Optimal Conditions

To start using our Forex Copy System, you only need a minimum deposit of $50.

Vast Network

Join a large trading community where you can find something new for yourself.

Attractive Rewards

Master traders and copiers choose their own commission system for copy trading.

PAMM

One strategy. Shared results.

PAMM connects Investors with a Manager who trades using capital allocated to a shared strategy. Investors choose how much to allocate, while the Manager makes the trading decisions.

Trading results are distributed among participants in proportion to their share of the capital. The Manager may receive a fee under the agreed terms. Both profits and losses are reflected in each Investor's results.

SuperFin

Chapter 4

Trading Options

Explore trading instruments and account types, with a range of options for depositing and withdrawing funds.

Our Products

SuperFin

Forex

Access major, minor, and cross currency pairs from markets around the world. Trade global currency markets and respond to changing exchange rates.

Cryptocurrency

Trade leading cryptocurrencies, including BTC, ETH, LTC, ZEC, DASH, BCH, XMR, NEO, and EOS, through a single trading environment.

Stocks

Gain exposure to shares of major global companies, including Apple, Microsoft, Amazon, Tesla, and other leading publicly listed businesses.

Commodities

Trade key global commodities, including Gold, Silver, Crude Oil, and other widely traded raw materials across major markets.

Indices

Access major stock indices from the UK, Germany, US, France, Hong Kong, and other leading economies to trade broad market movements.

CFDs

Trade price movements without owning the underlying asset. Take positions based on whether you expect prices to rise or fall.

Account Types

Find Your Trading Account

SuperFin offers four account types for different trading needs. Compare their spreads, execution models and trade sizes to find the account that best fits your approach.

STD

A standard account type with floating spreads starting from 31; all operating costs are built directly into the spread, with no separate commission fees per trade. Swap-free trading is available for XAUUSD and BTC (MT4 only).

ECN

A specialized account featuring an ECN execution mechanism (orders routed directly to Liquidity Providers); includes a $5/lot commission fee and a fixed spread of 10.

Prime

Designed for high-capital, high-volume traders; a comprehensive upgrade of the ECN account tailored for VIP clients, private funds, or institutional trading. Features a fixed spread of 18.

Cent

Minimizes financial risk by converting the account balance into cents (e.g., a $10 deposit displays as 1,000 cents) and allows for extremely small minimum trade volumes. Features floating spreads starting from 29.

Payment Gateways

Deposit & Withdrawal Conditions

Manage your funds with a choice of deposit and withdrawal methods, that suits you best, with availability depending on your region and account.

Deposits

Visa and bank transfer deposits are typically credited to your SuperFin trading account within 2–4 business days.

Withdrawals

Withdrawal requests across supported payment methods, including Skrill, Neteller and cryptocurrencies, are typically reviewed and processed by SuperFin within 1–4 business hours.

These are estimated processing times. The time required for funds to reach your account or wallet may vary by payment provider, bank or blockchain network.

Payment System	Available Currency	Deposit Processing Time	Withdrawal Processing Time
Bank Transfer	All currencies	2 - 4 business days	2 - 4 business days
VISA	All currencies	2 - 4 business days	2 - 4 business days
MasterCard	All currencies	Instant	2 - 4 business days
Skrill	All currencies	Instant	1 - 4 working hours
Neteller	All currencies	Instant	1 - 4 working hours
Sticpay	All currencies	Instant	1 - 4 working hours
Payeer	All currencies	Instant	1 - 4 working hours
AstroPay	All currencies	Instant	1 - 4 working hours
Crypto	BTC, LTC, DOGE, PPC, DASH, RDD, ZEC, BLK, USDT	Instant	1 - 4 working hours

Chapter 5

Bonuses & Contests

Explore SuperFin bonuses and trading contests for more ways to participate and earn rewards.

10% Losable Bonus

Add 10% trading credit to a qualifying new deposit and use it as part of your trading margin.

Example

$500 deposit + **$50** trading credit = **$550** available for trading

For STD, ECN and PRIME accounts. Minimum deposit: $500. Trading profits may be withdrawn; withdrawing participating deposit capital removes the bonus credit.

30% Trading Credit Bonus

Add 30% trading credit to a qualifying new deposit and use it as part of your trading margin.

SuperFin

Example

$500	+	$150	=	$650
deposit		trading credit		available for trading

For STD, ECN and PRIME accounts. Minimum deposit: $500. A trading volume requirement applies before deposit capital can be withdrawn without losing the bonus credit.

Trader Championship

Season 2

Put your trading strategy to the test. Compete for a place on the leaderboard, ranked by percentage return.

$50k
Total prize pool

$10k
For first place

40
Prize places

Join with an eligible SuperFin account and a minimum balance of $100. A minimum trading volume of 1 lot is required.
